UNDER-CLASS TRACK MEET WON BY SOPHS

Overwhelm 1913 By 77 To 39, Taking Majority of Points In Field Events

With J. S. Grant, their star point winner, the Sophomores easily won Saturday's underclass track meet by the score of 77 to 39. Grant won both hurdle races and took second in the 100-yard dash. The surprises of the meet were the running of M. A. Oettinger 1912, who carried off first in the 440, and second in both the 100 and 200 yard dashes, and the winning of the 220 by J. J. Strachan 1913. H. Watkins 1912, carried off first in the 880 and the mile run. H. Greenleaf also of 1912, took first in the broad jump and the pole vault.

In the weight events, the Sophomores took all but a third in the hammer throw and a second in the discus throw, these places being caured by N. D. MacLeod 1913, J. L. Bray 1912, throw, these places being captured by and W. M. Ruby 1912 were the best men in these events. The summary:

100-yard dash—Won by C. E. Trull 1913; J. S. Grant 1912, second; M. A. Oettinger 1912, third. Time 10 3-5s.

200-yard dash—Won by J. J. Strachan 1913; C. E. Trull 1913, second; M. A. Oettinger 1912, third. Time 25s.

440-yard dash—Won by M. A. Oettinger 1912; B. Munch 1913, second! H. G. Burnham 1913, third. Time 55 4-5s.

880-yard run—Won by H. G. Watkins 1912; W. R. Bylund 1913, second; R. D. Sampson 1913, third. Time 2m. 5s.

One mile run—Won by H. G. Watkins 1912; R. D. van Alstine 1912, second; A. S. Milliken 1913, third. Time 4m. 54s.

120-yard high hurdles—Won by J. S. Grant 1912; W. N. Eichorn 1913, second. Time 18 4-5s.

220-yard low hurdles—Won by J. S. Grant 1912; C. E. Trull 1913, second, W. N. Eichorn 1913, third. Time 29 1-5s.

High jump—Won by P. W. Dalrymple 1912; H. B. Alvord 1912, second; J. Becker Jr. 1912, third. Height 5 ft. 8 in.

Broad Jump—Won by H. Greenleaf 1912; B. Torrey 1913, second; J. Becker, Jr. 1912, third. Distance 19 ft. 5 in.

Discus Throw—Won by W. M. Ruby 1912; D. D. MacLeod 1913, second; J. L. Bray 1912, third. Distance 96ft. 3in.

Referee—Dean A. E. Burton. Starter—Max Waterman. Judges—Frank H. Briggs, and Edward Stuart. Field julges—H. D. Williams, J. D. MacKenzie. R. H. Allen. Timers—C. D. Faxon, G. T. Palmer and H. Lockett. Score—1912 77; 1913 39.

L. P. Shaw 1910, a member of the musical clubs, fell twenty-five feet down the elevator shaft of the Westminster Hotel and fractured his skull. He is not on the hospital dangerous list however. His condition remains about the same.

FRESHMEN BASEBALL TEAM DEFEATS WAKEFIELD

Whitewash Suburban Boys To Tune Of 11 To 0---Hamilton Pitches Fine Game

Tech '13 won a fast and rather one-sided game from Wakefield High Saturday at Wakefield Common by the score of 11 to 0. Thompson, the crack Freshman catcher, was easily the star of the game, hitting out a long home run and a beautiful line drive netting him three bases. Out of seven chances, Weller made good on every one. Hamilton was a puzzle to the suburban boys, who could only hit out a few scattered ones. Eastman went in for Thompson and pulled off a throw to second that caught his man just right. Chesley, Russell and Anderson played well for Wakefield.

SPECIAL LUNCHEON

Immediately after the Technique Rush, there will be a special thirty cent luncheon at the Union for the contestants, the students and their friends. As this is the one day on which so many of the students bring their friends to view the Rush and afterwards to see the Institute, the Dining Room management has prepared an especially attractive menu for this occasion. The dining room will be tastefully decorated with red and gray, and the Tech Orchestra will be present throughout the luncheon to render ou favorite college and "show" songs. The ticket sale will be stictly limited to the seating capacity of the dining hall, and positively no tickets can be obtained on the day of the Rush. Those wishing to sit together may have tables reserved by applying to one of the committee on or before Wednesday. Luncheon will be served promptly at 1.30 P. M.

J. P. MUNROE TO ADDRESS CHRISTIAN ASSOCIATION

One Of Tech's Most Active Alumni To Discuss "Civilization Engineer"

On Wednesday, April 13, the Technology Christian Association will hold the last of the weekly dinners preceding the annual meeting of the Association. James P. Monroe 1882, a graduate of Course III., is to be the speaker of the evening. Mr. Monroe has done a great deal for Technology. He served as Secretary of the corporation, was a founder of the Technology Club, was a leading spirit of the Technology Review, and was active in uniting the alumni in order to prevent the absorption of the Institute by Harvard University. He is also chairman of the Boston 1915 movement. The subject of Mr. Monroe's talk will be "The Civilization Engineer."

The dinner will be held at the Union at 6.00 P. M., at the usual price of twenty cents. All who intend to be present should leave their names at the Cage not later than Wednesday noon.

A business meeting of the T. C. A. Council was held yesterday noon. R. Smead 1910, P. G. Lawson 1910, and R. H. Ranger 1911, were elected a nominating committee to receive nominations for president, vice-president, and treasurer of the Association. At least two nominations for each office must be received before the close of the polls next Sunday. Elections will be held at the annual meeting, and banquet, April 27. Only members will be allowed to vote.

SOPHOMORES WIN CROSS-COUNTRY RACE

E. E. Ferry Leads Over Entire Course---First Four Men To Finish Are Sophs

The sophomores captured the first four places in the annual Freshman-Sopohomore Cross-Country race Saturday, and won easily by the score of 28 to 51, E. E. Ferry 1912 came first, covering the four and one-half miles in 25 minutes 20 3-5 seconds, with his brother R. M. Ferry 1912, a half minute behind. The time was not particularly fast; in fact it was rather slow since at no time in the entire race was first place doubtful. Capt. Watkins' time last year on the course was 24 minutes and 33 seconds, while Ferry only secured sixth place after running the course in 25 minutes, nine seconds.

At the start in Highland E. E. Ferry and H. S. Benson 1912, sprang to the lead, followed by K. Cartwright 1912, R. M. Ferry 1912, and V. V. Ballard 1912. This order continued for two miles and a half as far as Larz Anderson hill. At this point Cartwright and R. M. Ferry pulled away from Ballard with whom they had been running, and passed Benson. At Jamaica Pond, a mile from the finish, Cartwright dropped behind R. M. Ferry. This order was kept to the finish.

The first freshman to finish, C. W. Brett, was over two minutes behind the winner. G. R. Pardey 1913, who showed great promise in the practice run Tuesday, proved a disappointment, finishing thirteenth. E. L. Macdonald 1913, pushed R. Whipple 1912, hard for seventh position and gained rapidly on the lap around the track, but was unable to pass him before the finish.

The first six men to finish will receive their numerals, and the numerals 1912 will again be engraved on the Cross-Country cup.

The summary:

1. F. E. Ferry 1912, time 25 m. 20 2-5 s.
2. R. M. Ferry 1912, time 25m. 57s.
3. K. Cartwright 1912, time 26m. 9s.
4. H. S. Benson 1912, time 26m 34s.
5. C. W. Brett 1913, time 27m. 35 3-5s.
6. L. G. Harris 1913, time 27m. 46 3-5s.
7. R. E. Whipple 1912, time 27m. 54s.
8. E. L. Macdonald 1913, time 27m. 56 2-5s.
9. L. C. Hart 1913, time 28m. 31s.
10. W. C. H. Stevenson 1913, time 28m. 32s.
11. V. V. Ballard 1912, time 29m. 1 3-5s.
12. G. H. Rhodes 1912, time 29m. 08 3-5s.
13. G. R. Pardey 1913, time 29m. 10s.
14. P. R. Williamson 1912, time 29m. 39s.

Score—1912, 28; 1913, 51; first six men for each team scoring.

GENERAL NEWS

TELEGRAPH NEWS OF THE MORNING.

WEATHER REPORT.

Forecast for Boston and Vicinity—Monday fair and warmer, light westerly and northwesterly winds.

Mayor Fitzgerald has appointed ex-Mayor George A. Hibbard to the position of city collector for a term of four years at $5,000 a year, and sent a notice of the same to the Civil Service Commission for the approval of that body. Supporters of James J. Storrow, in the recent municipal campaign, say that this bears out their claims that Hibbard only stayed in the fight to help the cause of Fitzgerald by dividing the Republican vote.

It is reported that the authorities of the Natural History rooms at the corner of Clarendon and Boylston Sts., want to get rid of the large specimen which they possess of the elephant tribe. According to the report, they have oered toff give the preserved beast to any one who will cart ti away.

Boston, Apr. 10—The annual exhibition of textile machinery is to be held in Mechanics Building April 25-30. A new departure meant this year will be an exhibit of cement and concrete construction.

Boston, Apr. 10—The evolution of the superman, of the human being who shall in all points possess the most ideal characteristics and best traits, is the ultimate aim of a new course of study now being pursued by Melville Liming, a graduate student at Harvard, and the only specialist in eugenics in this country.

With the assistance of Professor Bell, who has not, up to date, been able to complete a flying machine to his satisfaction, Mr. Gardner G. Hubbard has evolved one of the simplest flying machines of the times and one that it is said is bound to win fame and fortune for its inventor. He has already made nine successful flights over Baddeck Bay, Nova Scotia, where he built the machine. It is a monoplane, which resembles the Bleriot, cross-channel flying-machine, and is about 35 ft. between wing tips and 31 ft. over all in length.

Memphis, Tenn., Apr. 10—Aviation honors were carried off yesterday by J. C. Mars, an amateur. Besides equalling Glenn H. Curtiss' world's quick-start record of 5 4-5 seconds, Mars attained a height estimated at 400 feet, circling the course several times before alighting. Glenn H. Curtiss ran into a fence in making a landing, but only damaged his bi-plane. The aviation meet will be brought to a close tomorrow.

New York, Apr. 11—New York is to have a real bona fide aeroplane landing—the first in the country, according to a statement issued yesterday by President Benjamin Briscoe of the United States Motor Company. Plans are now being formulated by architects whereby the landing will be erected on the roof of the Tichenor-Grande building. Actual work on the landing will be started about July 1 and will be finished by early fall. After the completion of the landing it is President Briscoe's intention to have it officially opened with a flight by Wilbur Wright in his aeroplane.

Portsmouth, N. H., April 11—In the construction of buildings and improvements at the navy yard this summer the navy department will expend $1,098,000. The amount is to be spent on a hospital and 10 additional buildings in connection with the same, a new steel bridge quay wall, foundry test house and combustible storage house. This is the biggest building boom at the naval station in many years.

So. Royalston, Apr. 10—The plunge toward earth that the upper sections of a great chimney under construction at pany took yesterday, brought death to two workmen, who went down with the structure, hidden from the sight of their fellows within the confines of its bore. It was a direct drop of 70 feet that the sections made.

Indianapolis, Ind., Apr. 10.—Gov. Thomas R. Marshall of Indiana is being boomed as a possible nominee for the Democratic candidate for the presidency in 1912. Gov. Marshall is one of the most striking figures in the politics of the country today. He is one of the sturdy type of Hoosier statesmen, and proud of it. He believes that the issue to be fought out in the next campaign will be that of protective vs. revenue tariff, and wants to see a square, clear-cut fight on this issue.

AERONAUTICAL NEWS.

The attention of thase interested in the development of aviation and general aeronautical progress, is called to the fact the Tech is publishing in this column every day news of the latest inventions, flights, records, etc., made in this field as recorded from all over the world in the press reports.

BOSTON SKATING ARENA

Attention of Technology men is called to the ice carnival to be held at the Boston Arena on the afternoon and evening of Monday, April 11, in aid of the Sharon Sanitorium. Among the features will be two games of hockey. In the afternoon the Arlington and Newton High School sevens will meet, while in the evening the contestants will be the Harvard 'varsity and the Crescent Hockey Club, the latter, champions of the Boston Hockey League.

During the afternoon and evening there will be general skating, speed contests and figure skating. Members of the Vincent Club kindly voluntered their services and these young society ladies will act as ushers at both sessions and will also serve tea and refreshments.

The patronesses include the society leaders of Boston, Brookline, Cambridge and other nearby towns who are deeply interested in the Sharon Sanitorium, so the carnival is an assured social and sporting success.

THE ARENA

The track at the Field is now in the best of condition. In addition to the improvements by the Advisory Council, the recent work on it has made it hard, firm, and fast to travel on.

Too few of the upperclass men are reporting to Coach Kanaly. There's plenty of good material in 1910 and 1911 who ought to turn out before the handicap meet.

Severance, captain of the Freshman baseball team, is getting in good shape now. He is playing a great game out in center garden. Oh, yes, he comes from U. of C.

One of the best track men in the Freshman class is W. R. Bylund, the captain of the cross-country team.

S. E. Reed 1912 is a good sprinter, but he should train a little more.

Every afternoon there's a big crowd watching the crew practice on the Charles. The boys are showing up fairly good, and soon perhaps we'll be able to witness some rowing.

As long as Brown University goes without a track coach, so long will it follow in the wake of the other New England colleges in track and field sports. With a capable man watching the track men there is no reason to believe but that Brown would be as strong as in baseball and football.

The Boston police, in anticipation of trouble in Chinatown, following the news of another outbreak of the Tong wars in which four Chinamen were killed yesterday in New York and Philadelphia, patrolled the district with a strong detail of men last night.

Washington, Apr. 10—The Interstate Commerce Commission in a decision today holds it to be "unpust and unreasonable" for the Pullman company to charge equally for the upper and lower berths in its sleeping cars.

Differential charges are ordered in several instances, and Pullman rates from Chicago to the Pacific are ordered reduced.
